PRINTED NAME OF PROPERTY OWNER(S)

SIGNATURE OF PROPERTY OWNER(S)

PRINTED NAME OF PROPERTY OWNER(S)

SIGNATURE OF PROPERTY OWNER(S)

If the subject property is owned by persons who have not signed as owners above, attach a separate sheet that references the application case number and lists the printed names and signatures of all persons having an interest in the property.

Based upon the location of the subject property, the MSHCP may require the preparation of a habitat assessment for one or more covered species for the subject property. Check one of the boxes below to indicate the property owner's desire:

I authorize, pursuant to Government Code Section 65105, EPD personnel to enter the subject property for habitat assessment purposes, provided that the entry, examination, and survey do not interfere with the use of the land.

I have chosen to hire a biologist from the County's List of Approved Environmental Consultants for the purpose of preparing a habitat assessment, and do not authorize EPD personnel to enter the subject property. The completed habitat assessment will then be provided to EPD for review and approval.

I, as the property owner, understand that if, at the conclusion of a habitat assessment, a focused survey is needed to fully determine the potential impacts of the project upon the covered species, the property owner will be responsible for the preparation of said survey. The report must then be provided to the Environmental Programs Division for review and approval.

**Please note results of the ERP determination will be mailed to Property Owner(s)/Owner's Representative.*
