

## Clearances for Building and Safety Permits

Many permits require that the customer obtain clearances from other departments prior to permit issuance and sometimes prior to permit final. The type of clearance will be given to the customer at permit issuance, usually in the form of a Building Progress Report. Clearances include but are not limited to conditions of approval, additional fees, mitigation fees or clearance letters.

In order to obtain clearances on your permit please directly contact the department that would provide those clearances, as listed below;

Building and Safety: (951) 955-1800

Land Use: (951) 955-1800

Planning: (951) 955-3200

Code Enforcement: (951) 955-2004

Fire: (951) 955-4777

Flood: (951) 955-1200

Environmental Health: (951) 955- 8980

Transportation/Grading: (951) 955-6527

Trans. Encroachment Permits/Transportation Clearances: (951) 955-6790

Survey: (951) 955-6700

Department Websites: [www.RCTLMA.org](http://www.RCTLMA.org)

To check on the progress of your permit, go to PLUS Online, either to your dashboard or look up the permit, for permit status or outstanding clearances. Note, that you must be a contact on the permit itself in order to see all of the sections of the permits, i.e. corrections and fees due.

If you are having trouble locating status, clearances or conditions online, please contact [PLUSAssist@rivco.org](mailto:PLUSAssist@rivco.org)
